Yachtmaster Certificates

MCA Accepted	STCW 95 Regulation	Level
Offshore	non STCW 95*	n/a
Oceans	non STCW 95*	n/a

*Note: When LY2 is released it is understood that there will be an opportunity for Yachtmasters to convert their Certificates of Competency to an actual MCA STCW Compliant CoC by taking an Oral Exam and meeting certain training requirements. This will then result in an MCA CoC as Master Yachts 200gt and will most likely meet either A-II/2 or A-II/3 with a 200ton yacht limitation with a route of either Offshore or Oceans.
